AMENDMENT

To the Commissioner of Patents:

In response to an office action mailed January 27 2005

the applicants hereby amend their application as follows:

In the claims:

Amend claim 1 as follows:

1. A combined encoder and perceptual encrypter for a [file

of] high quality video, said combined encoder and

[perceptual] encrypter comprising:

a. an encoder which encodes the [file of] high quality

video as a [encoded] data file in an MPEG format; and

b. an [a perceptual] encryption module which

[perceptually] encrypts a first part of said data file and

leaves a remaining portion as an unencrypted second part of

said data file as [said encoded data in the MPEG format to

generate] thereby generating a restricted quality video

[data as perceptually encrypted encoded data].
